

CAMPUS COLLECTION

Everything needed to improve productivity and comfort in an academic environment, the Campus Collection is tailored to educational applications. Heartwood has provided industry-leading quality products, made in B.C. Canada for the office and education industry for over 37 years. Explore what Heartwood has to offer!

Dorm Room Furniture - 700 Series

Heartwood's dorm room furniture has been around for years. Available in all standard Heartwood finishes, this series features the same commercial grade, quality construction that has become synonymous with other Heartwood furniture. Our furniture is stylishly built, well priced and backed by our limited lifetime warranty program!

Personal Desks

From the classic 388 Series small single pedestal personal desk to Levels Series open concept, modern workstations, Heartwood can provide a student desk tailored for any project design. Finish choices, design options and compatibility among components make Heartwood a natural choice when planning educational environments.

Study Carrels

The quintessential student desk is the study carrel. Ideal for common rooms, study halls or libraries, Heartwood's study carrels come with a variety of options and are completely customizable.

Training Room Tables

Flip-top training tables, shared community tables, mobile tables and whiteboard tables are just some of the options available when planning a training room. Complement a room design with conference room furniture including audio/video cabinets, mobile carts or lecterns. Achieve form and function in an aesthetically pleasing training environment.

Task Tables

Heartwood has several table options available. When planning a common room, cafeteria or waiting room, take into consideration the numerous metal leg designs and customizable tops available at Heartwood. Choose from bar height, desk height or coffee table designs. High-pressure laminate, contrasting banding and whiteboard are just some of the design elements available.

Bullet or Wedge Trestle Tables

Bullet and bullet wedge trestle tables are designed to be collaborative tables. Featuring a default center back grommet and full-height modesty panels to hide wires, these tables are also the perfect partner for add-on power grommets, making power or charging easily accessible. 3/4 height or 1/2 height modesties are optional and this stand-alone table is also available in a trestle base cube design (shown). Standard heights include desk height and bar height.

Shared Community Tables

Like trestle tables, shared community tables are just as their name indicates, collaborative tables. Featuring a half-height centred modesty panel with 1" tops and gables, this table is a sturdy, versatile option in community spaces. These tables are compatible with desktop privacy panels, quickly adding privacy to shared space.

Lockers

Heartwood has a comprehensive selection of personal storage lockers in a variety of configurations & sizes. Add-on options include digital locks, number plates and locker vents. When security, storage or both are needed, 388 Series lockers have you covered.

Bookcases & Shelves

Heartwood has a full range of bookcases, display cases and shelving units. Whatever your storage needs we have a solution! Combine cabinet storage with upper shelves for cafeteria storage or mail sort storage for common rooms. Change up the design with Aluminium Glazed Doors, two-tone laminates or contrasting banding.

Curved Bookcase

Our popular curved bookcases bring storage designs to the next level! These stylish bookcases work great as a room divider, come in both single-sided and double-sided options and are also available as mobile units. The unique curve design also complements Heartwood's curved standard and waterfall desks.

Storage

Similar to lockers, Heartwood has all sizes and configurations of tall storage and wardrobe storage. Whether it's for personal storage in dorm rooms or public storage in common rooms, there is a style and configuration right for any project.

Mobile Pedestals & Storage Benches

In a small space, storage is always an issue. 388 Series storage benches with an optional cushion or mobile pedestals are great storage options for small dorm room spaces. Both options can be used as additional seating and mobile pedestals can be moved out of the way. They are available in all standard Heartwood laminates and cushions come in a variety of fabrics and finishes, cushions are sold separately.

Seating

With the numerous seating choices available at Heartwood, something is available for every project.

- Stacking chairs
- Task chairs
- Guests chairs

Explore the seating options available in our well-priced Jupiter Seating Series.

Privacy Panels

Even shared public space needs privacy and this can be achieved with desktop privacy panels/dividers. Add just a little bit of division of space in common rooms or study halls. The simple addition of a privacy panel can transform one large table into two independent spaces.

Accessories

Heartwood has a full range of furniture accessories to improve the functionality of educational spaces.

- Increase workspace on a small desk space by adding a keyboard tray to a desk
- Add power or device charging to a common area with a power grommet
- Contain wires with wire management options

... and so much more
